

March 2025

Meadows Monthly

A monthly newsletter for residents of beautiful Elk Meadows in Ridgway, CO

Meadows Monthly-March edition

Hello Neighbors,

I see on the calendar that I am a couple of days late with the March newsletter – oops!

Because we packed so much into the February edition, there isn't much to report on at the moment.

We have a lot of projects and community events in the works and will provide more details as they become available.

But here are a couple of things we do know...

In this issue

- Annual meeting time/date/location set
- Conservation initiatives
- Community survey

2025 Annual General Meeting - Save the Date

Our 2025 annual meeting has been set for Thursday, July 10th at 6:30pm. This will be a hybrid meeting with those who can attend in person at the Ouray County 4H Center at the Fairgrounds.

For those attending remotely, we will send out the Zoom link as the date gets a little closer.

Mark your calendars and plan to attend either in person or virtually. More details on the agenda and meeting materials will follow.

Conservation Initiatives

We have contracted with an outside provider to order and place the semiochemical packets on the trees in our community greenspaces to protect them from bark beetles.

We have also hired the same contractor to spray weeds along our roadways with two applications this year.

Community Survey

If you have not responded to the community survey that was sent out via email on March 16th, please do so as soon as possible. Your participation is needed to ensure we capture a complete picture of our community's needs and priorities.

If you do not respond, your voice will not be heard, and we really need input from all residents to make this data gathering exercise meaningful. The information collected will directly influence upcoming community decisions and initiatives.

The feedback we have received so far is both interesting and helpful. We look forward to seeing more responses before the extended deadline of April 30th.

If you cannot locate the original email, please contact Pam at emhoa.secretary@gmail.com for a replacement link to the survey. Thank you!
